ONLINE MATHEMATICS CLASSES
PARENT/GUARDIAN ENROLMENT AGREEMENT

MONTHLY ACCESS FEE: R100 PER LEARNER PER MONTH

This agreement sets out the terms and conditions for a learner's participation in the online Mathematics learning programme. The parent or legal guardian should read the agreement carefully before enrolment and payment.

1. LEARNER AND PARENT/GUARDIAN DETAILS

Learner's full name

Parent/Guardian full name	
Parent/Guardian contact number	
Email/WhatsApp contact	

2. ENROLMENT AND PARENT/GUARDIAN CONSENT

By signing this agreement, the parent or guardian gives permission for the learner named above to participate in the online Mathematics learning programme and confirms that they have read and accepted the terms and conditions contained in this agreement.

The parent or guardian is responsible for ensuring that the learner has a suitable device and internet or data connection required to access the programme.

The parent or guardian agrees to encourage the learner to use the learning materials responsibly and regularly.

The parent or guardian understands that online access may be affected by internet, electricity, device or platform problems outside the tutor's control.

3. R100 FEE – 1 MONTH OF ACCESS

R100 provides access for one month (30 consecutive days) per learner.

The R100 payment is a monthly fee. It covers one monthly access period only. The monthly access period starts on the date the learner's access is activated or on the date communicated by the tutor.

The R100 payment provides one month of online programme access for one learner.

After the monthly access period has ended, the learner's access will be revoked or suspended if the next payment has not been made.

Continued access requires another R100 payment for the next month. Each further R100 payment provides another month of access.

The parent or guardian is responsible for continuing payment if the learner wishes to remain enrolled and continue accessing the programme.

4. WHAT THE R100 INCLUDES

The R100 fee covers access to online learning content made available by the tutor. It does NOT include private tutoring time or a live individual class.

The R100 includes video lessons posted, uploaded or made available on the online platform or website.

The R100 includes exercise problems for learners to practise.

The R100 includes solutions and worked answers to the exercises provided.

The R100 includes solutions and explanations to selected previous question papers, final examinations and/or end-of-year examinations made available by the tutor.

The R100 may also include other educational resources specifically identified by the tutor as part of the online programme.

Important: The R100 payment is for access to the online learning content listed above. It does not mean that the learner has paid for private, live or one-on-one tutoring with the tutor.

5. LIVE OR ONE-ON-ONE CLASSES – SEPARATE PAYMENT

If a learner wants to have a live online class, one-on-one lesson, private tutoring session or direct lesson with the tutor, this requires a separate payment.

Live or one-on-one tutoring is NOT included in the R100 monthly access fee.

The additional fee for a live or one-on-one lesson will be communicated by the tutor before the session takes place.

The learner or parent must agree to the additional fee and payment arrangement before the private lesson takes place.

Payment for online content access and payment for private tutoring are separate charges.

6. PAYMENT AND REFUND POLICY

Payments are generally non-refundable once made.

No refund will ordinarily be provided because a learner becomes sick, misses lessons, does not use the videos or exercises, is unavailable, changes their mind, or chooses not to continue.

The monthly access period remains fixed even if the learner does not use the materials every day.

If a learner has paid but has genuinely never accessed, attended or used the programme, the tutor may, at their discretion, consider a payment reversal, credit or another reasonable arrangement.

Any exception to the normal no-refund policy is at the tutor's discretion and is not an automatic right to a refund.

Once the learner has accessed or used the programme, the normal no-refund policy applies.

7. ACCESS EXPIRY AND REVOCATION

Access is limited to the paid monthly period.

When the month expires, access will be revoked or suspended if payment for the next month has not been received.

Access may be restored when the required continuation payment has been received and the tutor has reactivated the learner's access.

The parent or guardian remains responsible for maintaining payment if continued access is required.

8. ONLINE LEARNING REQUIREMENTS

The parent or guardian is responsible for the learner's device, internet or data, electricity and general technical readiness.

The tutor will make reasonable efforts to keep the programme available but cannot guarantee uninterrupted access where problems are caused by circumstances outside the tutor's reasonable control.

Learners must not share paid access details, private links, passwords or restricted learning materials with people who are not enrolled in the programme.

9. LEARNING MATERIALS AND USE

Videos, exercises, solutions, question-paper solutions and other materials are provided for the enrolled learner's educational use.

Materials may not be sold, publicly redistributed, reproduced for commercial purposes or shared with non-enrolled persons without the tutor's permission.

The tutor may update, replace or improve learning content from time to time.

10. LEARNER CONDUCT

Learners must communicate respectfully with the tutor and other learners.

Bullying, harassment, inappropriate language, disruptive behaviour or deliberate misuse of the online platform will not be permitted.

The tutor may contact the parent or guardian if the learner's conduct or participation becomes a concern.

11. COMMUNICATION

The parent or guardian agrees to provide accurate contact details and communicate with the tutor regarding payment, access, technical problems or other matters affecting the learner's participation.

12. ACKNOWLEDGEMENT AND ACCEPTANCE

By signing below, I confirm that I am the parent or legal guardian of the learner named in this agreement, or that I have authority to provide consent on the learner's behalf. I confirm that I understand that R100 provides access for one month only; access will be revoked or suspended if payment is not continued after the monthly period; the R100 covers online videos, exercises, solutions and selected previous, final and/or end-of-year question-paper solutions; and any live or one-on-one class with the tutor requires a separate payment.
